SUMMER INTERNSHIP 2011

June 16th—July 28th, 2011

COMPELLED

2011 Summer Internship

www.ncnsm.com

What is the NCN Student Ministry Internship?

We are excited that you are considering the NCN Student Ministries Internship for 2010! We believe it will be an exciting summer that will change your life, as you change other's lives! We are a part of the Northern California and Nevada Assemblies of God District. We have a long history of developing students to impact their community and world. This will be no different.

The NCNSM Internship is a 6 week program designed to put you in ministry settings that will enhance your ministry experience, sharpen your skills and refine your character. We are looking for students who want to give a summer of their lives completely to ministry, who are willing to step up to the challenges that will be faced, and who want to see their lives changed.

The vision of the NCNSM Internship is to develop people for ministry, and expose them to relationships and ministry throughout the Northern California and Nevada District. You will be exposed to people who are making ministry happen every day. You will receive leadership training that will challenge you to the core of your personal, social, emotional, and spiritual life.

The goal of the program is to develop and equip emerging leaders who have clearly displayed "the call" of God on their lives, whether in full-time (vocational) or part-time (volunteer) ministry. It will provide opportunities for you to do "the work" of the ministry while in a semi-contained environment during the break from your studies. When you return back to school or work and step back in to your local church ministry, you will have a clear sense of where you are gifted and how to best fulfill your calling.

You will be serving in multiple ministry roles with an emphasis on Junior and Senior High school students. We have prayerfully considered who the Lord would have join the internship this summer and know that He will speak to us both regarding your involvement. WE trust that through this internship our character will be shaped and we'll develop relationships that will last a lifetime!

Committed to Your Call,

Abe Daniel
Student Ministries Director
NCN Student Ministries

Altaring Your Call,

Jeremy Morgado
Pathway Apprentice Director
NCN Student Ministries

Serving Your Call,

Scott Tuttle
Director of Operations & Events
NCN Student Ministries

2011 Summer Internship
